## BAU Pass Installation and User Guide for IOS Devices

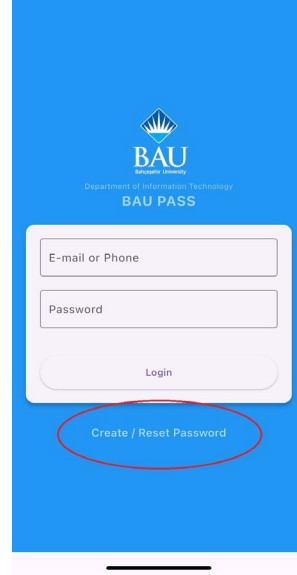

Find and download the application by typing the link [Apple](#) in the browser of your iPhone brand mobile phones and then press the 'Open' button. Then press the 'Get/Reset Password' button. Then enter your e-mail address or mobile phone number on the 'Account verification' screen and press the 'Send' button.

Enter the 6-digit verification code sent to you in the digits on the 'Activation Code' screen. Then enter your own password on the 'Password Reset' screen and press the 'Send' button. Then press the 'Continue' button on the screen with the confirmation sign. Afterwards, when the 'Activation' screen comes up, you will activate your device by pressing the button marked '+' and your BAU PASS profile will be opened..

### BauPass Door Interaction & Device Activation

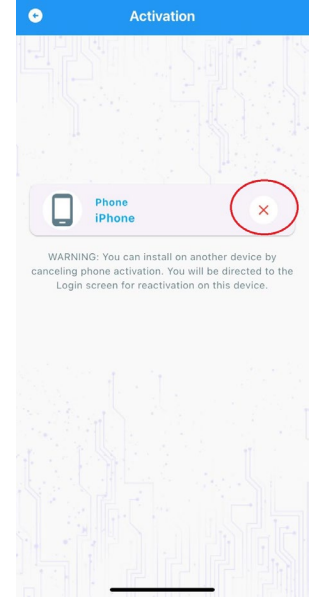

You can scan the door openings in your BAU Pass profile by pressing the ‘QR’ button. Also, in case of a possible device change, you need to click on the ‘Activation’ option in your BAU Pass profile and then click on the ‘X’ sign on the right side of the screen.
